RE: Request for Resignation of District Councilor David Boykin

Dear Councilor Boykin,

We hope this message finds you well. We are writing collectively as members of the 6th District Council regarding your continued absence from Council meetings and Council-related responsibilities.

As you are aware, the District Council plays a critical role in ensuring accountability, strengthening public safety, and maintaining an active connection between the community and the Chicago Police Department. Each member's participation is essential to fulfilling these responsibilities effectively.

Since **April 2025**, you have not attended any regular or special District Council meetings. We are also unaware of any participation, engagement, or attendance at any community event on behalf of the 6th District Council, or any work done on behalf of the Council. Additionally, with one exception, the Council has **not received a response to any emails, meeting notices, or correspondence** sent to you between April 2025 and the present. These ongoing absences and lack of engagement have prevented the Council from functioning at full capacity and fulfilling the expectations of the residents we are elected to serve.

Given the duration of your absence and the responsibilities outlined for all elected District Council members, we believe this constitutes an abandonment of your role. We respectfully request that you **submit your resignation from your position as Chair and as a member of the 6th District Council**. Your resignation would allow us to establish a vacancy on the Council and identify candidates who can fill the position.

This request is being made to maintain transparency, uphold the integrity of the Council, and ensure that the residents of our district have the active leadership and representation they deserve. In addition to this request, the Council is also drafting a motion of censure for your absences.

We ask that you provide a written response by **December 12, 2025** so that the Council may take appropriate next steps.

Copies of this letter, along with any responses and the forthcoming motion of censure if adopted, will be posted publicly on the CCPSA 6th District Council website.

Thank you for your attention to this matter.

Sincerely,
6th District Council

Aisha Humphries
