Executive Summary

August 2026 District Council Monthly Report

District Councils convened across the city in August, with the search for Chicago's next Superintendent of Police shaping conversations in nearly every district. Nineteen of the city's 22 District Councils held official monthly meetings. DC 008 cancelled its meeting, and DC 007 and DC 017 held unofficial community meetings in place of official ones. Twenty of the 22 councils discussed the Superintendent search, gathering resident input on the qualities, skills, and experience they want to see in the next Superintendent.

Top Citywide Trends

Mental Health Crisis Response / CARE Program Expansion was the most widely cited concern this month, raised in 7 of 22 districts (31.8 percent). Youth Safety & Gatherings followed in 6 districts (27.3 percent). Theft, Domestic & Gender-Based Violence, and Traffic & Pedestrian Safety were each raised in 5 districts (22.7 percent). CTA Safety, Homelessness, and Officer Wellness were each cited in 3 districts (13.6 percent). Compared to July, when Theft and Traffic Safety led at 22.7 percent each, CARE grew from 4 districts to 7 and became the clear top concern, while Domestic & Gender-Based Violence and Officer Wellness appeared among the top concerns for the first time.

Council Operations

Of the 22 District Councils, 19 held official meetings in August. DC 008 cancelled its meeting. DC 007 did not reach quorum and held an unofficial community meeting instead, and DC 017 held a community meeting after a delay in posting its notice and agenda under the Open Meetings Act. DC 014 reassigned council roles, with Ashley Vargas now serving as Chair. DC 003, DC 012, and DC 025 each continue to carry one vacant council seat.

Recommendations to the Commission

Five of 22 districts adopted resolutions this month, all focused on alternative response and the Superintendent search. DC 002, DC 010, DC 019, DC 024, and DC 025 each passed resolutions calling on the Commission to make alternative response a priority in selecting the next Superintendent, including asking candidates how they would support and strengthen alternatives to police response. DC 012 introduced and DC 020 discussed similar resolutions. DC 014 also adopted a censure resolution against one of its councilors.

Working Group Updates

CCPSA's working groups reported continued progress in August. Full updates for each working group are provided in this report.

Purpose, Process, and Background

The purpose of the DC monthly report is to ensure the Commission receives community input from residents of all twenty-two districts. The findings contained within are a reflection of the issues raised by Chicagoans who engaged with District Councils in the last month and do not come from a statistical sample of all Chicagoans.

With the production of this report, District Councils fulfill their purpose under the CCPSA Ordinance to ensure regular community input for efforts of the Community Commission for Public Safety and Accountability, as outlined in Municipal Code of Chicago §2-80-070(a)(3). The report also caters to the responsibility of District Councils to report their findings, conclusions, and recommendations to the Commission, as outlined in §2-80-070(e)(8). Additionally, the findings in this report provide District Councils with the means to identify opportunities for cross-district collaborations, including forming working groups to focus on specific issues raised by residents across the city.

The information contained in this report comes directly from the monthly public meetings of District Councils. By Ordinance, District Councils must hold monthly meetings to provide a forum for residents to raise and work to address concerns about policing. District Councils also use these meetings to share updates on their activities from the last month and to discuss and at times vote on recommendations for the Commission and other bodies of government. This report provides a summary of this information from the regular monthly meetings of each District Council. In cases where a District Council had to cancel a meeting, the Councilors provide findings based on any other outreach activities they conducted from the previous month. District Councils have an opportunity to review their individual updates before the finalization of this report. The notes in the individual updates do not represent the approved minutes of the meeting. District Councils approve meeting minutes at future dates in a manner consistent with the Illinois Open Meetings Act. This report represents a timely update to the Commission and other District Councils of findings, updates, and decisions at the meetings.

In compiling this report, CCPSA staff assess any notable trends from across the districts. The report may highlight recurring concerns and focuses raised by residents across the city. CCPSA staff may categorize findings to illustrate these trends. This exercise helps the Commission, the District Councils, CCPSA staff, and all other readers with key insights from the work of District Councils. Readers are encouraged to review the individual Council updates themselves as well to look for other potential recurring themes from community input gathered by District Councils.

This report also aids the District Councils in holding Quarterly Meetings. By CCPSA Ordinance, and as outlined under §2-80-070(e)(3), representatives from all twenty-two District Councils hold quarterly gatherings to identify trends and concerns from the previous quarter. Quarterly Meetings are organized by the DC Planning Team for Quarterly and Annual Meetings, a geographically diverse group of eight District Councilors chosen to represent general regions of the city. The Planning Team reviews these reports to determine the most significant trends and concerns raised by residents. District Councils discuss these key findings at their quarterly gatherings and work to identify potential solutions and strategies for addressing the concerns and trends identified.

While CCPSA endeavors to ensure this report is as thorough as possible, the data and information contained in the report are only a reflection of the input received and gathered by District Councils via community outreach and public meetings. This report is not a representative statistical sample of the concerns across each district. The Commission and any other readers of this report may consider other strategies and sources of information to gauge the needs and interests of Chicagoans. That said, this report serves an important function of showcasing what the District Councils learned in the past month and what the top concerns were of individuals who chose to interact with the District Council program.

District Councils act as the eyes and ears of their communities at a hyper-local level, providing critical insight that helps shape efforts to increase public safety and improve the future of policing in Chicago. The findings from this report help to ensure that public safety, policing, and police accountability policies and initiatives reflect the lived experiences of residents across the city.

For any questions or concerns regarding this report or methodology, please contact Julio Miramontes, Project Manager for the District Councils, at julio.miramontes@cityofchicago.org.

Top Trends & Concerns Discussed in Monthly Meeting

i. **Domestic Violence**

Councilor Reports

i. **Discussion on the Superintendent Search Process**
   a. Main takeaways on what qualities, characteristics, skills, and/or experiences to look for:
      i. Fourth Amendment expertise
      ii. Ability to improve management of data and archiving
      iii. Vision for areas to increase/decrease operation, scope and coverage
      iv. Experience with technology and modernizing systems
      v. Also mentioned: Deep experience in Chicago, awareness of what other police departments are doing, experience working in NYPD or LAPD
   b. What worked and what didn't work well under former Superintendent Snelling:
      i. One comment: Generally, CPD seemed to work better, but CPD was not prepared for Operation Midway Blitz; commenter noted that it might be hard to expect CPD to be prepared for that, but many civilians were prepared to organize and respond.
   c. Main takeaways on what public safety and policing issues the next Superintendent should prioritize:
      i. Expansion of crisis prevention training
      ii. Making use of the workforce allocation study
      iii. Resolving Consent Decree issues
      iv. Also mentioned: Overall vision for policing in Chicago and operations of CPD
   d. Other reflections or themes:
      i. Importance of a Superintendent having a vision
      ii. Question: Is the search firm publicly funded?
      iii. Question: Will there be callbacks to applicants from the 2023 search?
      iv. Question: Will the next Superintendent only serve until the next Mayor takes office?

ii. **Presentation - Public Safety Inspector General Tobara Richardson**
   a. Ms. Richardson delivered a presentation on the work of the Public Safety Section of OIG and the recently published 2025 Public Safety Annual Report.
   b. Community members discussed OIG's review of COPA's timeline for investigations, how the OIG investigatory unit works, transparency measures for Welcoming City Ordinance violations, and accountability around CPD Rule 14, which governs the issue of false reporting.

iii. **Discussion - Resolution on alternative responses as a priority issue for the next Superintendent**

a. Councilors presented on a draft resolution under consideration by the Council that would call upon the Commission to look for a Superintendent who demonstrates a clear understanding of the role of alternative responses and a commitment to supporting alternative response measures in Chicago's public safety system; the resolution also calls for the Commission to ask Superintendent candidates during their interviews to discuss what responsibilities can be transitioned to other professionals and how the Superintendent can help build and strengthen those alternatives.
